

# Mikalor Super Clamp (BBC-SUPER)

Heavy Duty Bolt & Barrel Clamps with Swivel Bridge

**MIKALOR**

## Description

Mikalor was the first company to design and produce a heavy-duty hose clamp, capable of ensuring leak tightness in high-pressure applications.

The high strength 8.8 grade steel nut and T-bolt mean that Super can be tightened up hard using many kinds of tools, while the bevelled edges protect the hose from harm.

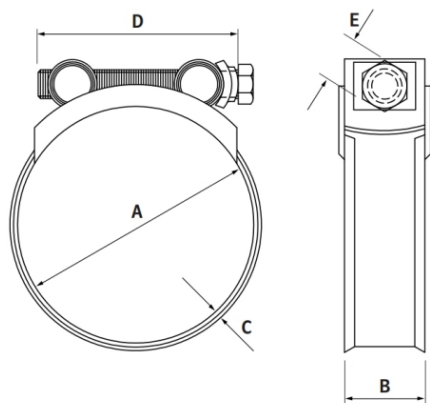

The Super clamp is in its element in agricultural applications, wastewater extraction, mining, quarrying or in other sectors where a rugged yet competitively priced heavy-duty clamp is required.

## Product Information

Manufactured by:	Mikalor Spain
RoHS Compliant:	Yes
Hazardous Goods:	No
HS Tariff Code	7326 90 92

## Material Information

W1

Band and Bridge:	Mild Steel
Screw:	Zinc Plated Steel
Corrosion Resistance (ASTM B-117)	72 Hours Salt Spray (ASTM B-117)
